Was hast du in Frankfurt gemacht?

Frau Hofstetter wants to hear all about your trip to Frankfurt! Write her a letter about:

- who you traveled with
- where you stayed
- what you did
- what you ate

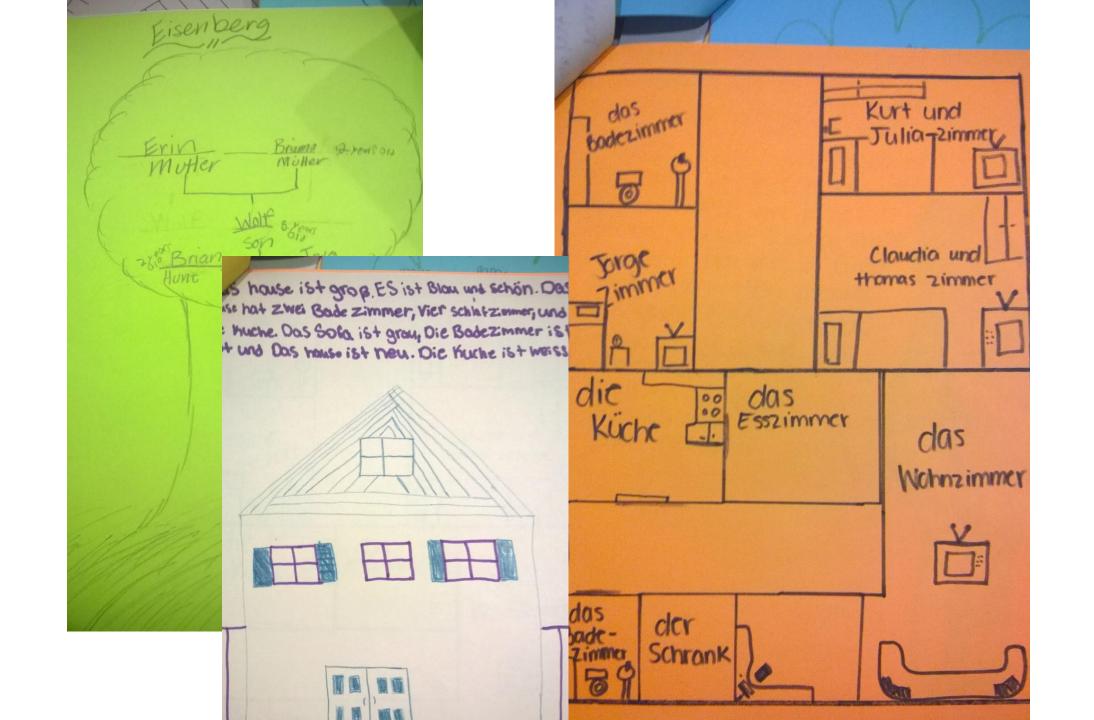

You should write this AS A GROUP based on what you decided in your packet at each station. Everyone should have the same essay and everyone should put the same amount of effort in!

Here is a list of verbs that can help you. Next to each word, write its past-tense form. (Look at the table in your notes) An example has been done for you.

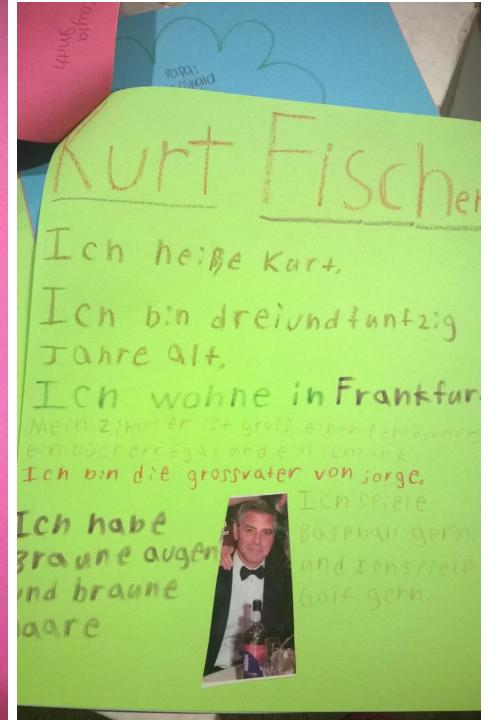

| Verb | Partizip | Verb | Partizip |

Benefits of a Learner-Centered Classroom

- Teachers do less work during class time, have more time to help students who are struggling
- Student growth and understanding is evident
- Students take ownership of and are involved in their learning
- Better classroom management, because students are engaged
- Learning is anchored into the long term memory
